## **Chapter 1: How You Approach Life and How You Appear To Others**

### *Pisces Rising:*

You are a gentle, sensitive person with a deep understanding of people and a very tolerant, accepting, nonjudgmental approach towards life. In a noisy, competitive atmosphere you are often receding and withdrawn for you are not an aggressive, forceful person, and you intensely dislike conflict. In fact you tend to be somewhat passive, to wait, watch, observe, feel and know much - but to act little. Letting things resolve or work themselves out in their own way, rather than directing or forcing your will upon them, is often your way of dealing with problems.

You may have a deeply religious or spiritual feeling about life, not in the orthodox sense necessarily, but an intuitive sense of the immensity and underlying oneness of all life, which makes so many human aspirations and striving seem rather unimportant. You need peaceful surroundings in order to flourish, and periods of quiet solitude are essential for your emotional balance and well-being.

You are also very compassionate and cannot tolerate seeing any fellow creature suffer - be it human, animal, or even plant! As a child you probably cried very easily and became quite upset whenever others were hurt, physically or emotionally. The world of your imagination and fantasy was also very real to you, a place to escape to when the outer world became too harsh, demanding, or simply uninteresting.

Because you are very giving and forgiving, people in need gravitate to you, sensing your sympathetic nature. Often you will continue to give to a person even when you realize they are taking advantage of you or becoming overly dependent upon you. You overlook and make excuses for other peoples' weaknesses, and for your own as well. Discrimination and self-discipline are not your strong points.

Though you may be as intelligent as anyone, you do not really have a rational, logical approach toward life, and trying to reach you through logical arguments is often futile. Your feelings, intuition, and heart, not your head, lead you, which may infuriate or bewilder your more rational friends. You certainly recognize that there is much more to life than can be explained intellectually and categorized into neat little boxes, and you have an open, receptive attitude toward such areas as psychic phenomena, telepathy, parapsychology, etc. You are not as structured and rigid in your attitudes as many people are, which enables you to see many different points of view and to accept all of them as valid. This can lead to vagueness, uncertainty, and confusion on your part - or to a very flexible and holistic way of approaching any issue.

## **Chapter 2: The Inner You: Your Real Motivation**

### *Sun in Scorpio:*

Quiet, deep, emotionally complex and intensely private, you are not a person who is easy to get to know and understand. You are extremely sensitive but disinclined to show it, and you allow only a special few into your inner world. Like a wary animal, you are cautious and mistrustful of those you do not know until you "sniff them out". You are very, very instinctive and intuitive. You usually have a strong, immediate gut reaction to people, even though you may be unable to clearly articulate why you feel as you do. Your feelings and perceptions go deeper than words.

You also have a powerful need for deep emotional involvement and you form very intense love bonds and attachments. You are possessive and often jealous of anyone or anything that you perceive as a threat to your bond with someone you love. When you commit yourself to someone or something, you are wholeheartedly devoted and expect complete loyalty in return. You merge with or "marry" the person you love at a very deep level and therefore separations are extremely painful for you, and often stormy and nasty. When you have been wounded, you are not inclined to turn the other cheek and will retaliate if at all possible. Certainly you will never forget the injury and often you harbor grievances and resentments for a long, long time. Forgiveness doesn't come easily to you.

Whatever you do, you do with passion and fervor, and you often go to extremes. You are either hot or cold, never lukewarm about anything. You can also be very narrow: either you are 100% involved in something or else it doesn't exist for you at all. Rarely are you emotionally detached and objective. You definitely have a fanatical streak. You are also immensely strong-willed and your tenacity in pursuing your objectives often borders on being obsessive. Fierce pride, courage, and emotional strength are yours in abundance.

You love mysteries and are deeply attracted to the hidden, dark, secret side of life. You never take things at face value and are always probing beneath the surface of people and situations to discover what is REALLY going on. You tend to be more of a cynic than an idealist.

*Sun in 8th house:*

You crave intense experiences and are attracted to aspects of life that are strange, unfathomable, or taboo. You may hide your interests or inclinations, except from those who know you very intimately. You are rarely content with yourself and your life, and you have an inner urge to be continually going farther or deeper than you ever have before. You also have a strong interest in social power and the role that money and economics play in people's lives.

*Sun Conjunct Jupiter:*

You are blessed with abundant optimism, self-confidence, and cheerful generosity. Your good will and friendliness win you many allies. You also have grand visions and aspirations, and the desire to succeed in life in a big way. You expect the best, and usually get it.

### **Chapter 3: Mental Interests and Abilities**

*Mercury in Scorpio:*

You have good mental concentration and the ability to become completely immersed in your work. You seem to know things at an instinctive, nonverbal level and prefer learning through direct experience or apprenticeship rather than vicariously via books or lectures. You have mechanical ability and work well with your hands. You could become adept at sculpture, pottery, carpentry, stained glass, or anything that involves doing and making things manually. Biology (and related fields such as medicine) interests you as well. You also have an instinctive rapport with animals, and may feel you relate better to them than to people! You tend to become narrowly focused upon your own specialized interests and may not have much to say or communicate outside that field.

### *Mercury in 8th house:*

The mysterious and the unknown fascinate you and you may investigate the supernatural or something that is hidden or taboo. You need to know what is going on behind the scenes. You are also deeply curious about or astute about economic, political, or social power, big business, and the motives and powers behind the social facade.

### *Mercury Sextile Pluto:*

Your mind is deep and penetrating and you are interested in anything secret, mysterious, or hidden, including the deeper aspects of the human psyche. You possess an aptitude for private investigation, psychology and research work. You are also drawn to esoteric or occult studies.

### *Moon Square Mercury:*

You are not interested in subjects that are wholly abstract or technical. There must be a personal, human element to evoke your interest. Your interest is people and their inner motivations, feelings, personal lives, and experiences. You are a natural listener with a talent for getting others to talk about their lives, dreams, desires - the things that are personally meaningful to them. You could also be an excellent writer, reporter, or biographer.

You have a particular interest in the past. You are concerned either with personal history (childhood and early family experiences, genealogy, etc.) or with the roots and origins of societies (archeology, mythology, history, etc).

You are nostalgic and love to hear others' life stories and to discuss your own experiences and feelings. You like to read biographies and memoirs, and probably keep a diary or journal yourself. You also have the ability to be a successful public speaker.

## **Chapter 4: Emotions: Moods, Feelings, Romance**

### *Moon in Aquarius:*

You are not easily moved by emotional displays and can be curiously detached from your own and others' emotions. It's almost as if you could turn your feelings on and off at will so you should be careful not to leave the switch "off" too often, for you could easily become too impersonal. Family ties and attachments are not as important to you as they are to most people and you often consider your friends closer to you than your blood relatives. Certainly, your sympathy and concern extends much beyond your immediate family. In your personal relationships, you insist upon a certain amount of independence and the freedom to pursue friendships with as many people, of both sexes, as you choose. You do not appreciate a jealous, possessive partner.

You feel comfortable in an atmosphere that is open and experimental, and you have little taste for convention and tradition.

*Moon in 12th house:*

Your own feelings and emotions are something of an enigma to you, and it is often difficult for you to share with others what you are feeling.

You frequently withdraw from contact with the world, and need a healing, peaceful environment in order to blossom and come out of yourself.

You identify with the oppressed, disenfranchised or underdog in any situation and want to help them or care for them in some way.

*Moon Trine Venus:*

You feel that little, daily acts of caring and thoughtfulness are essential to the happiness and success of a relationship and you know how to make others feel accepted, loved, and cherished. You enjoy good relationships with women.

*Venus in Libra:*

You possess the gifts of tact, courtesy, consideration, and a strong desire to please and understand your love partner. Because you value harmony so much, you will compromise a great deal to avoid any discord or conflict. You do not like to dwell on controversial or emotionally difficult subjects, and often try to "smooth things over" or "sweep them under the rug".

In love, you want an intellectual peer, an equal, and a friend. You are attracted to people who have a certain finesse, delicacy, and subtlety. You appreciate good manners and refinement and are not happy with a coarse, blunt type of person.

*Venus in 7th house:*

You are a very personable, affectionate, loving friend and will always have many people in your life who love and cherish you. You prefer being with others rather than on your own, and you feel very incomplete without a special person in your life to share your love with. Being half of a close, loving couple is very important to you.

You are a peacemaker, the one who adapts, harmonizes, and makes concessions for the sake of the relationship. Your charm and agreeableness makes you very popular.

*Venus Square Pluto:*

You experience powerful, compelling emotional and sexual attractions, and you may feel that you have little choice or control over your desires. You have an intense need for love and may be emotionally greedy or insatiable. Your love life is passionate and often tumultuous and painful as well. Jealousy, power struggles, or over-possessiveness can become areas of conflict in your relationships. Positively, you can be unusually creative and bring about beneficial and healing changes in the lives of others, motivated by your deeply felt love.

## **Chapter 5: Drive and Ambition: How You Achieve Your Goals**

### *Mars in Libra:*

You seesaw between being too pushy, confrontational, and insistent on doing things your way, and being too eager to please, without a clear, definite goal of your own. You strive for a balance between acting independently and assertively - and working cooperatively and interdependently with others. You may feel frustrated at times that you cannot simply do what YOU want to, that you must always accommodate the needs and desires of others. Or you may feel hesitant to act in a positive, assertive manner if you do not have the support and approval of other people. Either way, you are not a loner. You achieve your goals by collaborating and joining forces with others, by being a team player. You are very concerned with the concept of fairness and become quite indignant and vocal if you sense someone is being taken advantage of. You avoid extremism and favor a balanced, moderate approach to living. You are unlikely to push yourself too hard or to become fanatically driven to reach your goals.

### *Mars in 7th house:*

You are attracted to feisty, dynamic, strong-willed people, and you seem to need a lot of fireworks in your personal relationships. You can be very combative, or get involved with people who are. Ideally you will join with people who are energetic and ambitious, but not too domineering or aggressive.

## **Chapter 6: Other Influences**

### *Jupiter in Scorpio:*

Your strength lies in your unwillingness to settle for superficiality or shallowness in any area of your life. You are unafraid of going to extremes and experiencing the depths. The mysterious and the unknown are very attractive to you. Your intuitive understanding of others' inner drives and motivations is highly developed also.

### *Jupiter in 8th house:*

You are successful in dealing with other people's money or material assets, either through your work or by combining and sharing what you have with someone else (marriage or business partner). An "inheritance" (either material or psychological) which comes through your spouse or other close partner is likely to benefit you immensely.

### *Saturn in Sagittarius:*

You have a critical, cynical attitude towards many religions and philosophies. Without realizing it, you prevent yourself from appreciating new viewpoints and attitudes. You are more rigid and dogmatic than you realize. Your approach may also be too intellectual or moralistic. You take your own political beliefs and spiritual philosophy very seriously, worrying and fretting if you are not 100% clear about some ideology or theory.

*Saturn in 10th house:*

You are very conscientious, responsible, and concerned with your duty, your public image and reputation, and becoming a person of stature in the world. You understand the need for hard work and careful planning in order to accomplish anything substantial and you're capable of much self-discipline and patience once you set your sights on a goal.

But you are very judgmental and hard on yourself if you fail to attain success, and you can become dry, bitter, or cynical if the world doesn't recognize your efforts.

*Saturn Trine Uranus:*

You have a talent and ability for putting fresh ideas and inspiration into practice. You are ready and willing to utilize new ideas and methods, and you have a knack for gaining acceptance for a new idea and practically implementing it.

*Uranus in Aries:*

You are part of a 7 year group of people who are highly independent, self-reliant, self-willed, and rebellious. You are a rowdy bunch and your generation broke many time-honored traditions and customs. Your age group pioneered many new ideas that remained fashionable for many years; for example, rock 'n' roll was introduced by people of your age group.

*Uranus in 2nd house:*

You have a reckless, impulsive, or very unconventional attitude toward money, material things, and ownership. Above all, you do not want to be possessed by your possessions. The obligations of owning things are likely to feel oppressive to you.

Also, you may make your money in a field that is unconventional, highly unstable, or very inventive and innovative. Your fortunes are likely to fluctuate widely throughout your life.

*Neptune in Pisces:*

You are part of a 14 year group of people that are very intuitive, receptive, and imaginative. The arts and music are very important to your age group, and they flourish with your support, talent, and contributions. There is a rich and varied abundance of artistic and musical productivity from your age group.

All manner of religions and psychic investigations grow as well. There is a great interest in ultimate questions and answers and also in phenomena that do not seem to be explicable by scientific concepts. Mysticism is on the rise with your age group. The spiritual qualities of compassion and sacrifice are also highly valued and are more openly honored and respected than by other age groups. Spiritual and emotional sensitivity are so strong that there is a problem of escapism through alcohol and drugs, which is likely to increase during your generation.

*Neptune in 1st house:*

You are yielding, gentle, and impressionable. You tend to "melt" into your surroundings, and do not make a very powerful, vivid impression on others. Especially while young, you may not have a very clear sense of identity.

Sensitive and compassionate, you do not enjoy fighting and no matter what you profess, you are a pacifist at heart.

*Pluto in Capricorn:*

You are part of a 15 year group of people who have a very strong practical and realistic attitude towards life. You are an ambitious group also and you work hard to improve business, commerce, and other practical affairs. There always seems to be lots of hard work that needs to be done when your generation comes around, and your generation is ready and willing to do it.

Your age group is marked by its precociousness and seriousness. However, it is also as if you were somehow cut off from many of your inner feelings. There is very little of the "child" in most members of your age group, and you have a much cooler, more detached attitude to life than other age groups. You are mature, but also rather aloof. You are ethical but tend to lack empathy and heart. For many members of your age group, it is as if they were cut off from their deeper, emotional side. Naturally, it is important not to let this tendency become too unbalanced, as it can lead to a harsh, insensitive attitude, and a tendency to become involved in corrupt and unethical practices.

*Pluto in 11th house:*

You may have a deep aversion to groups, associations, clubs, or organizations of any kind. Any such group you become involved in is likely to be either for intense personal growth, change, and healing, or centered around social change and revising society in some manner.
