## **Chapter 1: How You Approach Life and How You Appear To Others**

### *Scorpio Rising:*

You are very strong-willed and proud, but intensely private and not easy to know well. Behind your quiet exterior lies a great deal of emotional depth, sensitivity, complexity, and also fierce determination. When you want something you go after it rather quietly but insistently and wholeheartedly - and you usually get it.

You are not a person who lives lightly or superficially. You want to live passionately and intensely and are not averse to challenge, danger, or to facing the darker side of life - human pain and struggle. You function well in crisis situations and often seek them out, for you enjoy the feeling of living at full capacity.

You are very intuitive about other people and especially about their unspoken feelings and hidden motives. You usually have strong, immediate gut reactions, either positive or negative, which prove to be correct. You approach life very instinctively and are not always fully conscious of why you feel or act as you do. You also have a very strong affinity with animals - an acute sensitivity and a nonverbal kind of rapport with them.

In relation to others, you are rather cautious, sometimes even suspicious, until you get to know and trust them - and trust doesn't come easily to you. When you commit yourself emotionally to someone, be it friend or lover, you are intensely loyal and devoted to them and you also expect the same kind of unwavering, undying loyalty in return. If you are ever betrayed by someone you care deeply for, you are capable of hating and retaliating with as much fervor as you once loved. Nothing is done halfway. In fact, you are intensely involved and often jealously attached to whatever you care about, be it person, idea, or cause. There is definitely a streak of emotional fanaticism in you.

Because of your natural reserve, others may see you as something of an enigma. You are quite self-protective and often defensive. You are also very magnetic, especially to members of the opposite sex.

## **Chapter 2: The Inner You: Your Real Motivation**

### *Sun in Virgo:*

At heart you are modest and humble, and you rarely strive to be in the limelight or in a position of power. You have a sharp analytical mind, a keen eye for detail, and you prefer to observe, dissect, and study life from a distance. Conscientious and conservative, you can be relied upon to be careful, efficient, and thorough in your work and you take pride in doing a job well. What you may lack in self-confidence you often make up for in skill - developing expertise, technical knowledge, and competency in some specialized area. You are adept at using your hands to create or fix things, and meticulous attention to detail and careful craftsmanship are your forte. Some would say you are a little TOO meticulous, for you can be extremely critical and petty if everything is not done exactly as you think it should be, and you worry about things that other people consider trivial and unimportant. You like to organize, categorize, and arrange everything into a logical system, and you are often distinctly uncomfortable when something does not fit into a neat category. Disorganization vexes you. You probably wish that you were not such a perfectionist, for besides being a stickler for details, you can be mercilessly self-critical as well. Whether in your environment or in yourself, you tend to focus on the flaws, with a desire to improve, refine, and perfect. You are strictly factual, truthful, and scrupulously honest in your self-estimation, and you often do not give yourself enough praise or credit.

You are also highly discriminating and may be especially particular about your diet, hygiene, and health habits. You have high aesthetic standards and refined sensitivities, and will be bothered by elements in your surroundings (such as disorder, cigarette smoke, etc.) that others overlook. Your tastes are simple, understated, but refined. Coarseness, bluntness, and vulgarity really offend you. You can be difficult to live with sometimes because of your fastidiousness, your sensitivity, and your idiosyncrasies about food and cleanliness.

Though you seem rather cool and self-contained, you have a very helpful nature and you enjoy serving others. You are content to be in a supportive, assisting role rather than in the lead. You are quietly devoted to the ones you care for.

You are careful and cautious in your approach to life, realistic, practical, and disinclined to gamble. You analyze before you act. You are too serious sometimes. Allowing yourself to play and to make mistakes would be HEALTHY for you!

*Sun in 10th house:*

Your career, reputation, and public image are very important to you. You have a strong desire to be influential or make your mark on the world. The merely personal sphere does not satisfy you; your ambitions include making a major contribution and receiving broad recognition for your unique effort and gifts. You may undervalue the personal or inner side of life.

*Sun Opposition Moon:*

You often feel that you are at cross purposes with yourself, for your conscious intentions and desires conflict with your subconscious emotional needs and drives. You are pulled in two different directions. You have difficulty satisfying both your need to be an individual and your need for caring relationships and a sense of belonging. Also, you send out mixed messages so people don't always know how to respond to you or know what you really want, thus creating confusion or conflict in close relationships.

*Sun Opposition Neptune:*

You are extremely sensitive and imaginative, and you can get lost in your dreams, fantasies, and visions. You are attracted to artistic and creative pursuits, the world of color, beauty, and emotion. You are also drawn to mysticism and have deep spiritual aspirations and yearnings. Gentle and peace-loving, you may lack the will and competitive spirit needed to make your way in the world. You are often impractical and may seek to avoid or escape the hard realities of life.

*Sun Trine Pluto:*

You have a deep belief in your own power and your ability to survive any change and to emerge victoriously from any difficulty. You have tremendous inner resources and strength. Intense, strong willed, and zealous, you pursue your desires and goals with complete dedication and singleness of purpose, and you may be somewhat compulsive, even fanatical at times. You like to live intensely and have no respect for people who are weak, who avoid confronting life and their own destiny.

### **Chapter 3: Mental Interests and Abilities**

#### *Mercury in Leo:*

You are a person of strong opinions and you express your views energetically and often dramatically. You are an entertaining speaker and will embellish or exaggerate in order to get your point across. You have an aptitude for story-telling and performing. Even if your arena is only the classroom or dining room table, you put on a good show. You have an abundance of creative ideas and do not enjoy a job in which you have no creative input or voice in decision-making. You could be a good politician, spokesperson, group leader, director, or coach.

#### *Mercury in 10th house:*

You think a great deal about your career, your reputation and public image, and the way you make a contribution or impact on the world at large. Public speaking or communications of some other kind is likely to be an important aspect of the work you do.

#### *Mercury Conjunct Mars:*

You have a sharp mind and a sharp tongue as well, and love a vigorous discussion or debate. You express your thoughts in a clear, decisive, convincing style. You dislike vagueness and fuzzy thinking, and are quick to point out the discrepancies in another's argument. At times you are verbally aggressive and abrasive to others, and you tend to overstate your case or offend people by your unadorned frankness. You can be an effective spokesperson, lawyer, or salesman. You have an aptitude for writing as well, particularly criticism or satire. You enjoy mental challenges and mental work.

#### *Mercury Trine Uranus:*

Independent and free-thinking, you dislike being told what to do and how to do it, and you especially do not like being told how to think, for you insist on discovering your own truth. You do well in a rather unstructured environment that allows you to make your own decisions and to respond to the needs of the moment, rather than following a routine, standardized way of doing things. You are also suited to a fast-paced atmosphere, which you find exciting and stimulating. Your mind functions in an intuitive, nonlinear fashion and sudden insights and flashes of inspiration often come to you "out of the blue". You have an aptitude for science and new technologies especially interest you. You also have a penchant for astrology or other esoteric sciences.

### **Chapter 4: Emotions: Moods, Feelings, Romance**

#### *Moon in Pisces:*

Tenderhearted and sympathetic to an unusual degree, you have an understanding of other people's feelings and needs which borders on being telepathic. You are extremely compassionate and cannot bear to see any fellow creature - be it human or animal - suffer. Because of your kindness and nonjudgmental attitude, people in pain or confusion are drawn to you for help, which you readily give. Sometimes your softheartedness is taken advantage of.

You are a gentle, poetic soul and have a great love and affinity for music. Because many of your feelings are nebulous and vague and you cannot easily verbalize how you experience life, music seems a natural language for you. You are also tremendously romantic and are often "in love with love".

*Moon in 4th house:*

You have strong attachments to your past, the place where you grew up, your heritage, and family traditions. In fact, you may be unable to step out of the habits and roles you learned as a child. Your tie to your mother is very strong and you also seek mothering and protection from your spouse and other family members as well.

*Moon Conjunct Neptune:*

You are a sensitive soul, a dreamer, very much attuned to the world of imagination and fantasy. You often retreat into your own inner world in order to escape the harshness of everyday living in the "real world". Gentle and often rather passive as well, you will not fight or assert yourself, even when you need to. You are very sympathetic and somewhat naive emotionally and must guard against being taken advantage of.

*Venus in Leo:*

Warmhearted and generous in love, you cannot tolerate pettiness or stinginess in your partner. You want a Hero, a Prince or Princess to idolize and adore, someone you wholeheartedly admire and can be proud of. You are tremendously loyal and devoted once you give your heart to someone.

You crave love, appreciation, and attention from others and hate to be ignored. You are rather susceptible to flattery and love to feel SPECIAL. You enjoy some drama and color in your love life and grand romantic gestures or an extravagant expression of generosity impresses you.

*Venus in 9th house:*

You are attracted to foreigners, exotic places, traveling, and to people who can expand your horizons, teach you something, or show you places and worlds you have never experienced before. Sharing a philosophy or ideal with your love partner is important to you.

Also, you feel a love and kinship for people everywhere, not only with your own family, nationality, or group. Finding similarities and making links between people from differing backgrounds or with different perspectives is a gift of yours.

## **Chapter 5: Drive and Ambition: How You Achieve Your Goals**

*Mars in Virgo:*

You are a perfectionist and have high standards for your own work. You often feel that if you want something done right you must do it yourself, for others do not do as thorough a job as you do. Doing a task well is very important to you, and you may labor over minute details that others wouldn't bother with. You strive for accuracy, efficiency, and precision, and you become very irritable when things are not done "right".

On the other hand, you can become so much of a perfectionist and so self-critical that you will not even attempt many activities and projects, feeling that your efforts simply won't be good enough. You are usually modest and realistic in assessing what you can accomplish and, if anything, you underestimate yourself. Of course, practice makes perfect, and if you do apply yourself diligently in some area, you gradually gain self-confidence as you master skills and develop expertise.

You conserve your energy and pace yourself so that you do not waste or diffuse your efforts. An unwillingness to take risks or venture from the beaten track can sometimes limit your opportunities. In short, you may not aim high enough and settle for too little in life.

*Mars in 10th house:*

You are likely to be known for your drive, energy, ambition, and competitive spirit. A successful career based on your ability to take initiative, be a leader, or excel in physical strength and prowess is likely. You most definitely want to be a winner and will work hard to achieve that.

*Mars Trine Uranus:*

You are dynamic, decisive, and somewhat impulsive. You respond quickly and spontaneously to challenges, and you enjoy vigorous physical activities that require fast reflexes and a good sense of rhythm and timing. You have an abundance of energy and vitality, and a restless desire to see progress and change - you hate stagnation. You are individualistic and make a good leader, spearheading new projects and inspiring others to act.

## **Chapter 6: Other Influences**

*Jupiter in Libra:*

Your strengths lie in your ability to cooperate, to be diplomatic, and to know just what behavior is called for in whatever social situation you find yourself. You also possess a strong sense of fairness, the willingness to listen to opposing viewpoints and opinions, and the ability to be (or at least seem to be) impartial and moderate, rather than extreme and one-sided.

*Jupiter in 11th house:*

You have good fortune working with groups, organizations, and others who share your ideals. You go further if you unite your efforts with others, as in clubs, networks, or civic associations. Social improvement, or benefiting your community is very important to you.

*Jupiter Sextile Saturn:*

You have the patience and the stamina to realize your visions and bring them down to earth, a fine balance between hard work and realism, and a positive, hopeful spirit. You grow through following systems and plans, and taking one step at a time. Overnight success or instant enlightenment is not what you aim for. Your patient, well-balanced approach gives you credibility with many different types of people, and you are apt to gain an excellent reputation for being able to do big things without overreaching or becoming pretentious.

### *Saturn in Sagittarius:*

You have a critical, cynical attitude towards many religions and philosophies. Without realizing it, you prevent yourself from appreciating new viewpoints and attitudes. You are more rigid and dogmatic than you realize. Your approach may also be too intellectual or moralistic. You take your own political beliefs and spiritual philosophy very seriously, worrying and fretting if you are not 100% clear about some ideology or theory.

### *Saturn in 1st house:*

You have a mature, disciplined, serious attitude toward life which colors everything you do. Caution and realism are your virtues though you limit yourself at times by being too careful, shy, or fearful, and not believing in yourself enough or being assertive when necessary. Others find you difficult to get to know intimately, as you tend to distance yourself from them or to put forth a rather stern, "adult" face to the world.

### *Uranus in Aries:*

You are part of a 7 year group of people who are highly independent, self-reliant, self-willed, and rebellious. You are a rowdy bunch and your generation broke many time-honored traditions and customs. Your age group pioneered many new ideas that remained fashionable for many years; for example, rock 'n' roll was introduced by people of your age group.

### *Uranus in 5th house:*

You are uninhibited and have an outrageous, crazy sense of humor. You love to get loose and you're often impulsive or "wild". Even if you appear conventional, you are attracted to highly eccentric, creative, or unusual companions. In romance, you are happiest when there is an element of surprise, unpredictability, and adventure. You may choose unstable love partners.

### *Neptune in Pisces:*

You are part of a 14 year group of people that are very intuitive, receptive, and imaginative. The arts and music are very important to your age group, and they flourish with your support, talent, and contributions. There is a rich and varied abundance of artistic and musical productivity from your age group.

All manner of religions and psychic investigations grow as well. There is a great interest in ultimate questions and answers and also in phenomena that do not seem to be explicable by scientific concepts. Mysticism is on the rise with your age group. The spiritual qualities of compassion and sacrifice are also highly valued and are more openly honored and respected than by other age groups. Spiritual and emotional sensitivity are so strong that there is a problem of escapism through alcohol and drugs, which is likely to increase during your generation.

### *Neptune in 4th house:*

Your childhood and early home life were colored by a great deal of confusion or by people with unusually active imaginations, aspirations, or fantasies. It is difficult for you to see your childhood and your relationship with your parents in a clear, realistic light. You may search for the ideal, loving home you wish you had, or believe you had, when you were a child. Finding inner peace and a sense of emotional security within yourself is important to you.

*Pluto in Capricorn:*

You are part of a 15 year group of people who have a very strong practical and realistic attitude towards life. You are an ambitious group also and you work hard to improve business, commerce, and other practical affairs. There always seems to be lots of hard work that needs to be done when your generation comes around, and your generation is ready and willing to do it.

Your age group is marked by its precociousness and seriousness. However, it is also as if you were somehow cut off from many of your inner feelings. There is very little of the "child" in most members of your age group, and you have a much cooler, more detached attitude to life than other age groups. You are mature, but also rather aloof. You are ethical but tend to lack empathy and heart. For many members of your age group, it is as if they were cut off from their deeper, emotional side. Naturally, it is important not to let this tendency become too unbalanced, as it can lead to a harsh, insensitive attitude, and a tendency to become involved in corrupt and unethical practices.

*Pluto in 2nd house:*

You are likely to have a fixation on money, wealth, and material resources. You may totally renounce material desires and ownership, or become obsessed with having, owning, and accumulating. Your attitudes towards owning, keeping, and sharing will undergo major changes in your lifetime, and your fortunes are likely to run very hot or very cold.
