## Grouped Basic Aspects

**Sun (15°) & Moon (15°) & Saturn (12°) & Pluto (21°) Conjunct in Capricorn**

*Time Sun Moon Peak: Jan 6, 2019 @ 1ut (Jan 5@16ut to Jan 6@11ut) 0d.19h*

*Capricorn:* Capricorn is a cardinal earth sign ruled by Saturn. It brings in the traits of being responsible, disciplined and displayed self-control. There is a strong support of tradition, family, quality craftsmanship and music. On the darker side, it can be a know-it-all, unforgiving and condescending. It's an energy that can make you see the worst in things which can be seen as not liking things. It tends to bring in an ability to understand how to make reasonable plans and learn from mistakes. It can make it hard to accept the differences of others.

*Sun:* The Sun represents the center of power. It radiates energy, inspiration, enthusiasm and wisdom. It is the focal point, the leader, the supreme authority, the figurehead

representing all people in positions of power particularly the president, prime minister, the heads of state, cabinet ministers, judges, magistrates, aristocracy, key figureheads or people of distinction including public heroes and national champions. When conflicted it creates anger, pride and conceit. It can be thought of as an energy with conscious intent.

*Moon:* The Moon represents energy associated with the mood of the people. It is the energy that is sensed regarding the feelings of the general population or that of common people. It is the sway of public opinion and the short-term focus of attention. It can be thought of as the energy of the population, the sense of community, the activity of everyday affairs, the focus of the attention of the people, the feelings women experience and the cycles of the tides. It is expressed through democracy, crowds and public nature. It can be thought of as the eb and flow of life as experienced through the collective which is humanity. There is a strong connection to the subconscious aspects of being and feeling that is felt by everyone that tends to direct awareness to common points of focus. It is where the public attention falls.

*Saturn:* Saturn is all about the energies of restriction and restraint that go towards building character. It is linked with lessons, limitations, regulations, formalities, tradition, order, rules and responsibilities. It has dominion over the elderly and deals with death. It is associated with sickness, epidemics, funerals, the national death rate, life expectancy and anything that causes mass public sadness or disappointment. It also represents the formal side of government, civil service, police, poverty and the borders. On a physical level, land issues and ownership, farmers, mining, coal and industries connected to metals and minerals. On the positive side, the energy drives a sense of discipline, focus, concentration and self-control. It is the focus that helps people achieve their objectives.

*Pluto:* Pluto represents the energies in the realm of the subconscious that deal with metamorphosis, regeneration, transformation and detection. It is the ruler of the underworld and all about secret information, hidden resources, hidden societies, violence, dictatorship, secret police, lone terrorists and all other aspects of life that are carried out in the dark hidden from public view like organized crime, espionage and rape. In literal terms, think about the sewers, mines, caves, bunkers and atomic energy. It can generally be thought of as a nasty energy, yet the results of its actions can be life altering. In the end, it brings growth, healing, rebirth, detection and knowledge that no other transformation can bring.

*Conjunct:* The conjunction points out a situation of prominence as it adds a richer emphasis on the heightened, strengthened and amplified planetary attributes within the sign that can be seen as either favorable or unfavorable.

**- Juno in Taurus (21°) Trine (~120°) Sun Pluto**

*Time Juno Pluto Peak:* Dec 31, 2018 @ 23ut (Nov 10@8ut to Feb 11@2ut) 92d.18h  
Peaking Waning

*Taurus:* This is a fixed earth sign that accentuates the traits of being reliable, patient and devoted. Being ruled by Venus, there is a strong attraction to high quality workmanship, music and romance. This is a sensual, tactile and committed energy that is willing to stick it out until the end. It can be overprotective, conservative, materialistic and love money. This energy doesn't like sudden change or complications.

*Juno:* Juno represents the types of characteristics that one is faithful, or loyal too. It is a softer feminine energy that defines characteristics that help form long term bonds. It shows what has been committed too or what brings satisfaction. It naturally brings things together so that the experience can be worked through. It is the energy of relationships and how they work together. It is more of a practical, submissive energy. If not well aspected, issues regarding spousal abuse, powerlessness, rage, unfairness, inferiority issues, betrayal, inequality and bitterness result. It is linked to real-life functioning relationships rather than the glorification of them.

*Trine:* The trine is an aspect that shows where two planets harmonize in a cooperative state to create a situation of good-fortune, ease of expression and greater rewards for the effort applied.

#### **- Uranus(R) in Aries (29°) Square (~90°) Pluto**

*Time Uranus Pluto Peak:* [Feb 7, 2019 @ 5ut \(Jan 1@10ut to Mar 25@7ut\) 82d.21h](#)

*Aries:* This is a cardinal fire sign that brings out a courageous, confident, enthusiastic and optimistic type of characteristics. Aries likes to step into roles of leadership, be impulsive and aggressive. When agitated, these energies are also impatient, moody, aggressive. Aries doesn't like delays. Ruled by Mars.

*Uranus:* Uranus represents an energy where sudden or unexpected change is made by exploring creativity, originality and individuality. It rules electricity and all the technology that goes along with it. It's linked to scientific discovers, inventions, explosions and the inventors, scientists and business people that work in these fields. It is associated with sudden change, anarchy, rebellion, unrest, upheaval, strikes, riots as its influence is towards individualism. Right-wing political ideas and fascism are supported here along with free-market enterprise, anarchy and nihilism. It is tied to unruly events, wild changes in weather and outer space. The energy can bring out people's highest potential as they strive for independence and transform their environment through the use of technology.

Being retrograde, the electrified and explosive nature that comes with these influences are dampened giving more time to processing and internalizing what is unfolding. This time could be seen as a time of festering on the negative influences in order to analyze how they feel. The result is a more mature approach to handling the situation as the planet turns direct again.

*Square:* The square is a high-discord obstacle situation where the matters ruled by the planets are blocked creating a condition of struggle, frustration and violent actions towards resolving the irreconcilable desires.

**- Pallas in Libra (23°) Square (~90°) Pluto**

*Time Pallas Pluto Peak:* Dec 28, 2018 @ 12ut (Dec 3@5ut to Apr 26@5ut) 144d.0h  
Peaking Waning

*Libra:* This is a cardinal air sign, ruled by Venus that tends to accentuate the intellectual characteristics of being diplomatic, fair-minded, social and cooperative. This energy loves being in harmony, balance, sharing and being unbounded. When in discord, it can be indecisive or non-confrontational. It can carry a grudge, but it strongly dislikes violence, injustice in any form. There is a fascination of symmetry, equality, balance that rules the energy to its core.

*Pallas:* Pallas energy is the female warrior that is a blend of Mars and Jupiter. It is that energy that accentuates hidden talents and skill. This energy is associated with wisdom, courage, strategy, skill and creative independence as is Mars, yet it is tempered by being politically crafty, diplomatic, tactful and intuitive. It strives for change without conflict, yet when agitated, all the skills associated with battle are brought into play. It is cerebral. This is the energy that holds itself to a high standard and expects everyone else to do the same. There is a natural link to the law of causation for this energy knows what is just and right without having to be told. It is linked to justice, legal battles and intuition. It is an energy that commands one to claim their personal power, yet done in a feminine way. The energy will highlight what is needed for battle or how one can stand your ground. If the highlighted talents are brought into play, expect success, honor and fame in the outcome of the conflict.

*Square:* The square is a high-discord obstacle situation where the matters ruled by the planets are blocked creating a condition of struggle, frustration and violent actions towards resolving the irreconcilable desires.

**- Eris(R) in Aries (23°) Square (~90°) Pluto**

*Time Eris Pluto Peak:* Jan 26, 2020 @ 4ut (Jan 1@1ut to Feb 15@17ut) 2968d.16h

*Aries:* This is a cardinal fire sign that brings out a courageous, confident, enthusiastic and optimistic type of characteristics. Aries likes to step into roles of leadership, be impulsive and aggressive. When agitated, these energies are also impatient, moody, aggressive. Aries doesn't like delays. Ruled by Mars.

*Eris:* This energy comes to us in the spirit of trouble through chaos. It is a subtle energy that feeds off the problems it can stir up in others. It could be thought of as the mean girl that goes to great lengths to make sure everyone else is uncomfortable. The base ideas are

fighting, quarrelling, discord, strife and rejoicing in havoc. Look for this energy to highlight trouble, toil, oblivion, hunger, pain, murder, carnage, brawls, disputes, ruin, forgetfulness, deceit and lawlessness. It is linked to computer security, cultural status issues and fire. Eris is going to try to stir up discord in whatever location it interacts with in the chart. It shows us the areas in life where we can be distracted. It will suggest the characteristics that should be resisted in order to refrain from bring joy to the mean girl Eris.

Being retrograde, the influences from this asteroid are reduced or not see being critical and immediate. It may be easier to not be drawn into the chaos as the discord may be easier to handle.

*Square:* The square is a high-discord obstacle situation where the matters ruled by the planets are blocked creating a condition of struggle, frustration and violent actions towards resolving the irreconcilable desires.

*Ceres:* Ceres represents the energy that is given to nurture. It is that joyful feminine energy that is exchanged during the act of growing and watching those that you care for become mature and whole. Yet, at the same time it represents that relentless energy of a mother scorned. It is linked to food, cooking, shelter, culture, tradition and the development of the spirit. It is also associated with the garden, seeds, fruits, vegetables along with hotels, motels, airports, stations which are the waypoints when traveling. There are deep connections to the abdomen both physically and emotionally. When afflicted, there are elements of both water and fire. Inwardly, it can manifest as depression, unbearable loss, withdrawal, grief, deprivation and hunger. Outwardly it brings a fiery retribution to those that are unkind. It acts like instant karma. There is no tolerance for those that mistreat others. This energy helps show what is deeply cared for and worth fighting for.

*Quincunx:* The quincunx aspect is an out-of-sync state that requires adjustments so as to prevent pleasure from turning into pain or seeing a good thing go bad. It is a psychological challenge that can show emotions out-of-sync with actions.
